ABSTRACT

Occupational Safety and Health is a fundamental component in the workplace. It is defined as the Anticipation, recognition, Evaluation and Control of Hazards arising from our workplaces that could impair the Health and Well-being of workers, taking into account possible impact to the surrounding community and the Environment. (ILO).

In Kenya we are guided by the Occupational Safety and Health Act (OSHA) 2007 which has laid down Fundamental obligations for all workplaces to adhere to. The Act Safeguards Safety and Health in workplaces and guides organizations to comply with the law and practices.

VISION

To be a world-class Centre for OSH services.

MISSION STATEMENT

As our name suggests, we are committed to offer high quality healthcare and standardized practices in line with OSHA 2007. We are also guided and refer to other best practices of the international standards focusing in OSH. We address the client as an individual customer; tailor make standardized service which go a long way to satisfy the need and achieve timely compliance.

ABOUT US.

We are duly registered under the Kenyan Company Act Cap 486. We are recognized by the Directorate of Safety and Health services (DOSHS) as an entity to assist companies and organizations in compliance to OSHA 2007. **We are DOSHS and NITA Certified trainers.**

We are a dedicated team of professionals including doctors, clinical Officers, nurses, Laboratory techs and all other healthcare workers with rich knowledge in OSH. We also have specialist hygienists, safety auditors and trainers in occupational safety and health.

Our company looks out for you to rank high in the area of Safety and Health.

POLICY STATEMENT

We are committed to growth of our members as well as our clients to better lives by upholding safe health procedures and services.

We are committed to take care of our work places and preserve the environment we work in to achieve conducive surroundings for all.
